Fondazione Italiana Accenture and Fondazione Opes-Lcef through the “**SEOC Challenge 2025**” initiative, offers the opportunity for international cooperation operators, entrepreneurs, cooperators and social innovators, operators in the world of associationism, under 35 from the provinces of Verona, Vicenza, Belluno, Ancona and Mantova, recent graduates or undergraduates interested in approaching social economy and young women entrepreneurs under 40 operating in the Appennino area, with a focus on enhancing inner areas to participate in the **Social Enterprise Open Camp - TOGETHERNESS - Cultivating Systemic Change**.

This international training event brings together some of the most remarkable voices from the social entrepreneurship scene in a residential and immersive camp.

BACKGROUND

The **Social Enterprise Open Camp** has for years been a **meeting point** between the knowledge and ideas of **social entrepreneurs** and leading mainstream companies, academic partners, and other ecosystem players. It is unique of its kind as it was designed to allow social entrepreneurs and third sector players to grow and develop thanks to the dialogue with the leaders from the impact sector, finance, and other industrial sectors and doing this in an immersive training camp, with workshops, debates, and clinics.

For the 2025 edition, the focus of the **Social Enterprise Open Camp**, summarized in **TOGETHERNESS - Cultivating Systemic Change**, is aimed at exploring business models that go beyond linear approaches and suggest solutions capable of redefining equilibria, dynamics, and partnerships to address the complexity and interconnectedness of today's challenges.

The challenge is to rethink processes, products, and positioning through a systemic lens, with the goal of **addressing the root causes** rather than the symptoms. This **requires a shift in models, mindsets, and power dynamics**. It calls for **active collaboration** between individuals and organizations, the adoption of a **systemic investing** approach, and a deep exploration of how **social innovation** can drive lasting change. At the heart of this transformation is the recognition of the powerful, catalytic role played by **culture, creativity, youth leadership, community development, and the enhancement of local territories**.

More specifically, this year the training proposed by the **Social Enterprise Open Camp - TOGETHERNESS - Cultivating Systemic Change** is designed as an articulated set of components useful to create a framework of theoretical knowledge and the direct experimentation of strategic design techniques and tools.

The event will take place from **November 28 to December 1, 2025** in **Turin - Cuneo & Langhe**.

We believe that participation in the **Social Enterprise Open Camp - TOGETHERNESS - Cultivating Systemic Change** is an opportunity for building the social enterprises of the future and innovating the existing ones.
